

Reference: MB Docket NO. 04-233

FCC:

I am writing this letter to let the FCC know how important our station K-Love 88.9 FM is to us.

K-Love carries a message of hope and healing to our community and if we lost their signal, it would change our way of life. For a very long time, the Oklahoma City area had a very limited selection of Christian Contemporary Music and I can't tell you how important that this station has become to my entire family.

I believe that to silenced K-Love would silenced one of the most encouraging, positive radio stations on the air in Oklahoma.

Please let us continue to enjoy K-Love.

Thank you,

Julie Russell
